Axle fitted with roller bearings for smooth operation

RED WHEELS

- Ideal for moving across sealed surfaces
- Will not leave rubber tracks on your driveway
- Solid nylon moulded onto a solid polymer hub
- Axle has needle roller bearings for smooth movement
- Fully welded offset bracket designs provide extra manoeuvrability either manually or with a caravan mover
- Dual wheels give greater load capacity for larger ball weights

150-001 Standard 6" Wheel

- 300kg Load Rating; recommended for nudging onto towball

150-005 Single Offset 6" Wheel

- 300kg Load Rating; recommended for moving lighter, single axle vans – especially those fitted with a mover

150-010 Double Offset 6" Wheel

- 400kg Load Rating; recommended for moving heavier, dual-axle vans – especially those fitted with a mover

200-005 Single Offset 8" Wheel

- 300kg Load Rating; recommended for moving lighter, single-axle vans – especially those fitted with a mover

200-010 Double Offset 8" Wheel

- 400kg Load Rating; recommended for moving heavier, dual-axle vans – especially those fitted with a mover
