Bearing housing encases greasable roller bearings

## PU WHEELS

Patent No: 2103200923

- Solid polyurethane will not puncture, perish or roll off rim
- Highly-recommended for vans with movers installed to wheels
- Fully greasable axle housing designed with roller bearings and dust covers, giving you the optimum design for prevention of bearing failure
- 4X4 profile ideal for unsealed surfaces
- Road tyre profile ideal for sealed surfaces
- Polyurethane less likely to mark sealed surfaces than rubber

### 250-010 Double Offset PU 10" Road Tyre

- 240kg Load Rating – use on sealed surfaces
- USE ON: Sealed surfaces for mid to heavy-weight vans, camper trailers and trailers where relocation on the wheel is required. Highly recommended for single and double-axle vans with movers installed to the wheels.

### 250-007 Double Offset PU 10½" 4x4 Tyre

- 240kg Load Rating – use on soft & unsealed surfaces
- USE ON: Unsealed and uneven surfaces for mid to heavy-weight vans, camper trailers and trailers where relocation on the wheel is required. Highly recommended for off road vans and camper trailers
