HOW IT STARTED

BOS JOCKEY WHEELS, IS THE FIRST IN THE WORLD TO HAVE DESIGNED AND PATENTED A GEARED DRILLED OPERATED JOCKEY UNIT.

Developed in Australia in Feb 2013 after a conversation with a caravan owner who was distraught with his standard jockey unit supplied with the caravan. In the words of this customer "the unit was not long enough and was in a location that enabled the possibility of crushing your knuckles on the gas bottles".

And so the questions we at BOS Jockey raised to him were; What about an electrical jockey unit that is battery operated? and how do you make a battery operated jockey unit? With a drill – everyone has a drill, but you need a long lasting battery with a one to one ratio. And so the idea for gearbox design on top of a jockey unit was born.

Once designed and tested, we filed for a patent which was granted in December 2013. Having done a couple of shows in that year the response and reception was unbelievable. It was here we started to understand the problem people were having with the standard units.

With the gearbox design we found out that people were able to wind their vans up with just a handle and with no effort or strain which in our field research had mass appeal the elderly and the grey nomad movement, all because of the gear reduction.

Having made the jockey unit great again and easy to use, we then listened to the problem people are having with leveling their van and having to use a jack. So we designed the BOS stabiliser legs. With a patented Push/Pull handle and the internal gearbox design strong enough to lift your van off the ground using a drill. Again a world first and consistent with our ease of use.

So we considered the option of using the gearbox design on a mover to be able to maneuver your van in a tight spot at home with the use of a drill. And so the Econo-mover innovation concept was born.

BOS Jockey Wheels is 100% family owned and operated. With patents world wide we also are the only one offering 5 year warranty on all our products, we design, manufacture and assemble all our products.

BOS® EARLIER MODELS

HOW IT STARTED

50MM JOCKEY WHEELS

Travel made easy 

**372-003
BASE PLATE KIT**
250MM TRAVEL

**473-003
BASE PLATE KIT**
400MM TRAVEL

Fully retracted with lynch pin to leave on while travelling

KIT INCLUDES

- 010-062 Swivel Base Plate (HDFR) Nylon
- 020-003 Handle 12mm (HDFR) Nylon
- 020-007 Drive Piece
- 020-024 120mm Extension & Lynch Pin
- 370-COVER Jockey Weather Cover

All prices are RRP, do not include delivery and are subject to change without notice.
Please refer to bos370.com.au to confirm current pricing, or contact us for a quote.

IDEAL FOR

- ALL TYPES OF VANS AND TRAILERS FOR STABILITY
- BALL WEIGHTS OF UP TO 1800KG
- LARGER VANS AND TRAILERS THAT HAVE NO USE FOR A WHEEL

5 YEAR
WARRANTY

BENEFITS

- Easy to lift your drawbar up using drill or handle
- Longer travel option for higher drawbars
- Add extra length with pipe extensions
- Leave it on while you travel
- Will fit most 50mm clamp systems
- OR add a BOS mounting & 50mm clamp system to your RHS
- 360x30° s wivel base plate will adjust to uneven ground
- Wide range of quality wheel options (see page 14)

60MM BLACK OPS

 *Travel made easy*

700-003 BASE PLATE KIT

350MM TRAVEL

FEATURES

BLACK OPS WELDED SWINGAWAY

IDEAL FOR

- MOVING ACROSS SEALED SURFACES
- MID TO HEAVY-WEIGHT VANS AND TRAILERS WHERE RELOCATION ON THE WHEEL IS REQUIRED
- BALL WEIGHTS OF UP TO 400KG
- HIGHLY RECOMMENDED FOR SINGLE AND DOUBLE-AXLE VANS AND PLANT TRAILERS
- ALSO VERY RESPONSIVE FOR PUSHING VANS AND TRAILERS ACROSS SEALED SURFACES USING MANPOWER
- BEST SUITED FOR MOUNTING TO 100/125/150MMH X 50MMW FRAME

5 YEAR
WARRANTY

BENEFITS

- Versatile manual handle or gearbox + handle option
- BOS engineering offers smooth manual operation, even with heavy loads
- Easy to lift your drawbar up using drill or handle
- Compact length requires less space on frame when horizontal
- Wheel position lock prevents risk of ground contact under tow

BLACK OPS SWINGAWAY

Travel made easy 

**681-003 BASE
PLATE KIT**

FEATURES

- 
- PATENTED BOS GEARBOX**
Makes winding by hand easy & allows drill operation
 - BOS LABEL**
Australian Quality and Service
 - PATENTED BOS PUSH/PULL HANDLE**
Puts lock and release of swivel mechanism at your fingertips
 - HIGH QUALITY STAINLESS STEEL SPRINGS, WASHERS, LOCKING PIN**
Long lasting & corrosion resistant
 - STEEL BACK PLATE**
10mm solid plate prevents flex
 - GUIDE BUSH**
For rigidity of the inner tube & seals out moisture/dust
 - BOS HDNR NYLON UNIQUE FLEXIBLE BALL JOINT BASE PLATE**
 - 12MM INPUT (NOT 1/2")**
Unique size gives added security
 - WELDED LUGS**
For adjustable height
 - BOS QUALITY CLAMP**
For secure, load-bearing adjustment
 - QUALITY AUSTRALIAN ZINC COATED**
All mild steel parts 1000 hours salt spray tested with certificate provided
 - QUALITY AUSTRALIAN POWDER COATED**
 - HEAVY DUTY WALLED PIPE**
For higher position manoeuvring
 - QUICK RELEASE LYNCH PIN**

BLACK OPS SWINGAWAY

IDEAL FOR

- TRAILERS AND VANS THAT NEED A STRONG SWING AWAY UNIT
- THE 600 JOCKEY UNIT IS ADJUSTABLE IN THE SWINGAWAY BRACKET
- BALL WEIGHT 750 KG
- THE BASE PLATE KIT IS GREAT IF YOU HAVE NO NEED FOR A WHEEL

5 YEAR
WARRANTY

BENEFITS

- Versatile manual handle or gearbox + handle option
- BOS engineering offers smooth manual operation, even with heavy loads
- Easy to lift your drawbar up using drill or handle
- 360x30° swivel base plate will adjust to uneven ground
- Compact length requires less space on frame when horizontal
- Add extra length with pipe extensions
- Will fit most RHS drawbars (75/100/125/150 x 50mm)
- Wide range of quality wheel options (see page 14)

KIT INCLUDES

- 010-060 Base Plate U Bracket
UV-Stabilised (HDFR) Nylon
- 020-007 Drive Piece

MOUNTING OPTIONS:

All prices are RRP, do not include delivery and are subject to change without notice.
Please refer to bos370.com.au to confirm current pricing, or contact us for a quote.

BENEFITS

- Replaces your existing stabiliser legs
- Powerful enough to lift your van or trailer off the ground to change a flat tyre or insert wheel supports
- Choice of 30° or 90° positions
- Operate easily by hand or cordless drill with drive set thanks to the patented BOS gearbox
- Unique patented BOS PUSH/PULL Handle makes release & positioning easy
- Weight is transferred to the base (NOT onto the pivot bolt)
- High quality components for extended life
 - temperature rated grease withstands extremes of hot and cold
 - steel caged bearings
 - heavy duty, rust proof gears
 - UV stable plastics
- Large base plate can be angled and rotated for maximum stability
- Extensions available for extra height when needed

ECONO MOVERS

Moving made easy 

ECONO MOVER

KIT INCLUDES

- Drive Input Handle
- Drive Piece
- 50mm Towball Mount
- 120mm Pipe Extension
- Drawbar Mount & brackets
- Both ROAD & 4x4 tyres
- Coupling Spanner
- U Spanner

All prices are RRP, do not include delivery and are subject to change without notice.
Please refer to bos370.com.au to confirm current pricing, or contact us for a quote.

FEATURES

POSITION HANDLE
Allowing for
change in direction

**QUALITY AUSTRALIAN
POWDER COATED
Steel frame**

**SOLID, DENSE
POLYURETHANE
WHEELS**
Will not puncture
or deflate

HANDLE
For manual operation

**PATENTED BOS
GEARBOX**
Makes winding by
hand easy & allows
drill operation

**5 YEAR
WARRANTY**

DOLLY WHEEL
For moving into
position

IDEAL FOR

- SINGLE AXLE TRAILERS AND VANS
- MOVING AT HOME/STORAGE AREAS IN TIGHT SPACES WITH LIMITED TURNING CIRCLE
- MAX. LOAD RECOMMENDED: 2500KG GVM
- MOVING OVER SOFT OR HARD SURFACES
- PUSHING UPHILL / PULLING DOWNHILL

BENEFITS

- Can be operated with a drill (or use the handle provided)
- Easy to fit to 50mm Rigid Towball OR 75/100/125/150 x 50mm RHS
- Can perform 'zero turns' in tight spaces
- Detachable, so does not increase your GVM
- Add extra reach with pipe extensions
- Road & 4x4 tyres included—use what best suits your surface
- Easy to go over gutters, garage slab lips etc.
- Ergonomic design: stand upright and let the BOS do the work
- Strong steel construction

POWER MOVER

Moving made easy 

**POWER
MOVER**

RECHARGEABLE

KIT INCLUDES

- 120mm Pipe Extension
- Drawbar Mount & brackets
- Both ROAD & 4x4 tyres

All prices are RRP, do not include delivery and are subject to change without notice.
Please refer to bos370.com.au to confirm current pricing, or contact us for a quote.

IDEAL FOR

- DUAL TRAILERS AND VANS
- MOVING AT HOME/STORAGE AREAS IN TIGHT SPACES WITH LIMITED TURNING CIRCLE
- MAX. LOAD RECOMMENDED: 3500KG GVM
- MOVING HARD SURFACES
- PUSHING UPHILL / PULLING DOWNHILL (5 DEGREE SLOPE)

BENEFITS

- Detachable, so does not increase your GVM
- Add extra reach with pipe extensions
- Road & 4x4 tyres included—use what best suits your surface
- Easy to go over gutters, garage slab lips etc.
- Ergonomic design: stand upright and let the BOS do the work
- Strong steel construction
